Art Unit: 2157

1. Claims 30-117 are presenting for examination.
2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 3718 of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

3. Claims 30-117 are rejected under 35 U.S.C. 102(e) as being anticipated by Agraharam (US Pat. No. 5,987,508).
4. As to claims 30-46 & 116, Agraharam shows in Figs 1-3, a system of conveying an email message including an address field containing a descriptor (such as phone number) of an intended recipient of the email message, sending a database query to a

database (117) of identifying elements (such as phone numbers) associated with the intended recipient (102) and email addresses to search for the email address associated with the descriptor (phone number), and transmitting the email message to the email address found, see the abstract, col 1, lines 16-18, lines 41-67, col 2, lines 1-10, lines 15-20, lines 39-55, col 3, lines 10-67, col 4, col 5, lines 1-23, lines 38-58, col 6, lines 6-22.

5. As to claims 47-117, the claims are similar in scope to claims 30-46 & 116, and they are rejected under the same rationale.

Therefore, it can be seen from paragraphs 4-5 that Agraharam anticipates claims 30-117.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Moustafa M. Meky whose telephone number is (703) 305-9697. The examiner can normally be reached on week days from 8:30 am to 4:30 pm.
